### COMING EVENTS

As we come to the end of what has been a disappointing year of non-events and meetings for all clubs, it is now great that we have had a couple of successful activities and can look forward with awareness and caution that we can get together and enjoy some very special runs.

During our 'dormant' time I have been on the sick list but am back on deck and feeling good.

Sincere thanks to Bob Durant for working with me and managing events on my leave of absence.

# PRESIDENT'S PREAMBLE

Hello members,

Just an update from our General Meeting on Thursday 8<sup>th</sup> October held at the Lutheran Church Adelaide road VH. There was a total of 60 members present, and this included five prospective new members. This was disappointing considering the cost of \$110-00 for venue hire.

**FUTURE MEETINGS** - At the last committee meeting also discussed was the viability of future meetings at the clubrooms with a limit of 50 members plus the committee and including a different supper to suit Covid restrictions. Members would have to RSVP and the first 50 would be accepted. The following month another 50 would be allowed thus providing for all members normally attending meetings to attend every second month. Access to the library and Club cobbler would be as per normal. put this proposal to the meeting and it was accepted by all present.

**VICTOR HARBOR SWAPMEET** - I have been talking to Don Rumbelow from the Encounter Bay Football Club and he informs me that their clubrooms will be undertaking major renovations during February 2021 and the kitchen and maybe clubrooms will be closed for use at this time. However the BBQ shed at the other end of the complex will still be operational and he considers that they would be able to manage with that.

I have also spoken with City of VH with regard to the swapmeet and whether we could comply withovid regulations, which the council believes should be permissable if we have a specific Covid plan for that event.

This brings me to the position of chairperson for that event. Mark Glazbrook kindly stepped into the position for the 2020 swapmeet but does not feel able to continue. Without a chairperson the VH swapmeet will not go ahead, however our fundraisers are essential if we are to maintain our premises and the subs.

**LIFE MEMBERSHIP** - At the last committee meeting Events Co-ordinator Graham was nominated for life membership. This was accepted by the committee due to the restricted numbers of members attending the Annual General Meeting. This was treated as a motion to the committee and was seconded and approved by the committee as a recommendation to the club membership. This motion was put to the meeting on Thursday evening and was agreed to unanimously by the membership.

**MEMBERSHIP BADGES** - Please newer members who have not received your name badge we need to see you at a meeting to hand out your badge. There are some 10 or more badges that our membership officer brings to every meeting and takes home again because no one attends to collect them.

**MEMBERSHIP RENEWAL/ REGISTRAR** - This year our treasurer will NOT have a line up of people wanting to renew their membership however Loris/ Andy/ and Deidre are working on ways to permit the renewals and vehicle updates and you will receive more information regarding this shortly. Log book days will also be of a different format to comply with Covid regulations.

**NEWSLETTER / STEERING COLUMN** - Editor Jeff requests that any information that members may have whether or not you think it is relevant you send it to Jeff for addition to the steering column. Email address in the steering column.

*Thanks, President Malc*
