Running Board News

G'day to all, as we ramp up to the Festive end of the year, with plenty of planned activities for all leading up to Xmas.

For those who ventured out to our recent monthly meeting it was pleasing to field questions from members on our club processes and operations, the committee always welcomes this healthy dialogue as useful items of process.

Change and suggestions for the future always fall out of these discussions giving us focus and direction for the clubs future.

Many thanks to Colin Taylor a new member to the club for his excellent presentation on his works in the Wind Farm industry on the difficult and sometimes precarious duties carried out on a very massive scale servicing the wind farm generators, a presentation enjoyed by all with many questions from those in attendance.

As mentioned we will be contacting the RAA re a driving awareness and road rule update for our elderly membership in the new year...a night to put in your calendar.

Jan advises me that club fees are rolling in, a requisite for Log book days in December, with payment for our Xmas Dinner due before the 5th of December.

With more club runs, cars and coffee, log book days and Christmas dinner ahead, please as usual book in early to help us make your day an excellent adventure.

Yours in Happy and Safe Motoring....Steve Hall ...President.

Application for Membership has been made by:

Stuart and Tracey Rowley from Hindmarsh Island. They bring a BMW 323i conv & some Ford Escorts
