# Running Board News

Welcome to March as we fast approach St Patrick's Day, not a club event day but a time to step out in your best club green for a wee pint of Guinness.

No doubt you have noticed we are also almost up to a new calendar event, the Easter Bunny Run at the Green Man Inn at Ashbourne an uncanny coincidence.

Many thanks to Gary Eves a fellow club member who presented an excellent update and discussion on road rules reminding us to be aware of these as we travel the road

networks as elderly travelers, also fielding many questions from the floor.

As mentioned our mobile Defibrillator has arrived, this will be unpacked, charged and a formal training session put in place before the process of on run delivery can be delivered to club members on our vehicle runs.

The overdue repairs to the old Hall were approved at the recent meeting taking into but not limited to repairs and painting of existing fascias, gutter replacement and capping of the existing chimney, a timely approval as winter will be upon us soon.

Please read your emails as club info and updates are sent to all members to keep you up to date with all club activities.

*Your in Happy And Safe Motoring....Steve Hall ...President*

## Applications for Membership have been received from:

**Colin and Lee Dear** from Encounter Bay. With a 1951 Mercury.

**James and Renee Hanson** from Second Valley. Their vehicles, Holden Frontera and Mitsubishi Pajero.

**Wes Maselli** from Hayborough. With a Mazda Ute.

**Angus Cahill** from Encounter Bay. He brings a 1971 ZD Fairlane.

## REGISTAR'S REPORT - LOGBOOKS

Generally, people are filling in their logbooks when making a journey but some of the entries don't actually say where the journey is going.

For example "Cars and Coffee" could be Strathalbyn, Yankalilla or Victor Harbor.

"Ride" could be anywhere. "Servo" does that mean Service Station but where is it.

Entries should state the town or vicinity not the reason the journey is being made.

We still have 23 members who have not had their log book endorsed for 2026.

**These vehicles can not be driven.**

Also, there are still 50 people who have expired logbooks and not returned them for cancellation.
