# PRESIDENT'S NOTES

We are almost one quarter into 2019 and the year continues to present the club with plenty to do.

Thanks to Chris Rowley, Dean Choat and Bruce Gilbert for their great effort in painting the shed, cleaning and sealing the decking and cleaning the ceiling fans in the club rooms. These jobs had been on the "to do list" for quite some time and can now be ticked off.

The Committee continues to work with our Treasurer Kerry Haythorpe and consultant Katherine Karr, on our financial reporting and recording systems, the Committee Meeting in March will be finalizing the way reports will be presented at both Committee Meetings and General Meetings. The club has grown considerably over recent years and this review is timely to test the capacity of our processes and systems to take the club forward.

The members endorsement of the Committee's proposal to combine the Antiques, Toys and Collectables Fair with the Victor Harbor Swap Meet will see these events move together next year. This decision was not taken lightly and the committee have been reviewing the events over the past few years to ensure we get the best outcomes. A further aspect of both the Victor Harbor and the Strathalbyn Swap Meet we would like to develop is the "Show & Shine", this year's Victor Swap Meet had a great display of vehicles and attracted a lot of public interest, the idea of a fundraiser that features our vehicles at their best is what the club is all about.

Another issue that a number of members have raised with me is the future direction of the club as we continue to grow in membership and also, we appear to be rapidly outgrowing our club rooms as a result. We are arguably at capacity during our monthly meetings and whilst this is a great problem to have it will need to be addressed. Leigh Blacket has circulated some ideas as a discussion started and other members have talked of their ideas to structure a viable future for the club to expand. I invite all members to share their thoughts and ideas with the committee, we are happy to receive emails, letters, phone calls or simply chat to us at club events.

Looking forward to Monte Fleuriu Rallye and to quote the events organizers "counselling session to settle navigational disputes following the event will be on hand"

Meg Klecko President
